

Care Development East Announces New Partnership to Strengthen Support for the Social Care Sector

Care Development East is pleased to announce that we are entering an exciting new phase by joining another organisation and working in partnership to strengthen the support and services we provide to the social care sector.

This positive development will bring access to greater resources, shared expertise, and closer collaboration, enabling Care Development East to build on its successful work and respond more effectively to the evolving needs of the sector.

Importantly, Care Development East will continue to operate under its existing name and brand, ensuring continuity for the sector, partners, and stakeholders.

As part of this transition, from 1st July 2026 I will be moving into a new role within the sector following the completion of my interim period as CEO. It has been a pleasure to work with the team, Board, and our partners over the past 14 months, continuing to deliver our valued Leaders in Care forums, training courses, Care Awards, and Dementia Marketplace events. I will continue to support the Board and team to ensure a smooth and successful transition into the new partnership arrangement.

Further announcements about our new partnership and plans will follow soon.

If you have any questions or would like more information, please contact info@caredevelopmenteast.co.uk.

Thank you for your continued support and for the vital role you play in supporting the social care sector.

Gemma Bloomfield

CEO
